STOLE THE FINEST SILKS.

The Watchman at the Place Was Covered With a Revolver.

Louisville, Ky., Oct. 23.—At the point of two pistols, held by a man and a woman, Private Policeman Johnson was forced to stand idly by and watch his captors make way with silks valued at something more than \$1,000, which had been taken from the Gem Manufacturing Co., located right in the heart of the city. The robbery occurred at 5 o'clock in the morning. For nearly a year past many cities throughout the west and middle west have been literally overrun by a gang of silk thieves, and the police in every city of importance are constantly on the alert for them. It is said that during the last 12 months the gang has stolen something like \$100,000 worth of silk. One peculiar fact connected with the operations of the silk thieves is that there is always a woman along when a theft is committed. The one here was evidently a silk expert, for the goods carried away were the very finest in the factory. The robbers escaped with the booty in a waiting vehicle. Giving the whip to the horse, they were off, with Johnson in pursuit and firing as he ran.

DIES BY HIS OWN HAND.

A Ludlow Baker Fires a Bullet Into His Own Brain.

Ludlow, Ky., Oct. 23.—George Ehrlick, son of Fred Ehrlick, pioneer baker of this city, committed suicide some time after 12 o'clock Saturday night by firing a bullet from his revolver into his brain. No motive is known. The young man was presumably in good health and spirits Saturday night. He attended the Columbia theater in Cincinnati with a friend, and when he left the car he had Judge Dwell, of Ludlow, good night. Three hours later his dead body, still warm, was found lying in an alley about a square away from the family residence at Davis and Elm streets. A bullet hole in his head near the right ear and his pistol, a 32-caliber Iver-Johnson, by his side, indicated self-destruction.

PROMOTED BY NEGROES.

Trust Company With a Capital of \$500,000 To Be Organized.

Louisville, Ky., Oct. 23.—The most gigantic financial scheme ever undertaken by colored people is the organization of a trust company, with a capital stock of \$500,000, divided into shares of \$50. The idea originated with T. Thomas Fortune, editor of the New York Age. The concern will be known as the Afro-American Trust Co., and will have its headquarters here. Eight negro banks, operating in Alabama, South Carolina, Mississippi, Tennessee and Kentucky, have already promised their support.

Fueldists in a Duel.

Whitesburg, Ky., Oct. 23.—On Upper Beaver creek, on the Knott-Floyd border, Ambrose Little, survivor of the '76 Little faction in the Hall-Little feud war, was killed by Les Hall. A bitter warfare has existed between the men for some time. When they met at a saloon Little opened fire, and finally fell mortally wounded. It is said Hall acted in self defense.

Was 104 Years Old.

Burkeville, Ky., Oct. 23.—"Aunt" Emily Tobin, an antique-looking "black mammy," died here at the age of 104 years. She witnessed the execution of "Old Peter," a negro slave, who was hanged on "Hangman's Hill," near this place, in the year 1829, for the murder of a young white girl.

Beat His Brother Editor.

Smithland, Ky., Oct. 23.—In the democratic primary to nominate a candidate for county attorney, to fill the vacancy caused by the resignation of O. Everett Butler, W. I. Clark won over O. C. Lasher by 33 votes. Clark is editor of the Livingston Democrat, and Lasher of the Banner.

A Proposed Amendment.

Covington, Ky., Oct. 23.—A proposed constitutional amendment to return to the viva voce voting and two questions of great importance of Kenton county affairs are to be voted on by the people of Covington and the county outside this coming November election.

MURDERER OF LEEDS.

He Made His Escape From the Western Asylum For Insane.

Hopkinsville, Ky., Oct. 24.—George B. Warner, convicted of the murder of Hon. Pulaski Leeds, master mechanic of the Louisville & Nashville railroad, escaped during the night from the state hospital for the insane. Warner removed the locks from the door of the room in which he was confined some time after 9:30 o'clock and made his way to liberty through the basement of the building. The escape was not discovered until Monday morning. Telephone descriptions of Warner are being sent in every direction from here. Warner received the death sentence for the murder of Mr. Leeds, but a commission declared Warner insane and he was sent to Hopkinsville. He was an electrical engineer and had worked in Ft. Wayne and other Indiana cities.

TWO SISTERS FIGHT.

Their Lawyer Father Defended One Against the Other in Court.

Paducah, Ky., Oct. 24.—An unusual case came up in police court over a fight on Wednesday between Mrs. Harry Cunningham and Miss Ruth Duguid, sisters, and daughters of Attorney G. C. Duguid, who recently made the race for city judge, and was defeated. Mrs. Cunningham knocked her sister down, and she pulled a pistol. Further trouble was prevented by the interference of bystanders. The cause of the trouble was not allowed to come out in court. Attorney Duguid defended Mrs. Cunningham, and assisted in the prosecution of his other daughter, who was fined \$10.

Kentucky Girl Gets a Divorce.

Chicago, Oct. 24.—Following the disclosure of a sensational ten-minute divorce obtained recently by Mrs. Lillian May Robinson, a former Louisville (Ky.) belle, against William H. Robinson, head of the Robinson-Paif Co., a wealthy tailoring corporation, came the news that Robinson had settled \$20,000 on his divorced wife in lieu of alimony.

Buys a Two-Year-Old Colt.

Lexington, Ky., Oct. 24.—W. A. Clark, Jr., has bought from F. C. Stackhouse a two-year-old bay colt by Liberty Chinese out of Miss Isadore by Pimlico. The colt has been shipped to Pleasanton, Cal., where Mr. Clark, who is the son of the Montana senator, has a training establishment.

Were Dead at Last.

MT. VERNON SIGNAL:

As I promised to report my meeting when it went into history at Nina, Ky., I will do so now: Brother Thomas Smith, of Pulaski county, assisted me in the meeting. We began on Monday night, the 9th of October, and closed on Sunday, the 22nd of October, 1905. Notwithstanding the weather was a little unfavorable yet we had a glorious meeting. The Church was much revived and sixteen more added to her number. The people of the community of all denominations were drawn closer together, and it seemed to unite the Christian workers of the whole neighborhood. And every body seemed to enjoy the meeting and have a good time. The meeting was held with Freedoom Baptist church, in Garrard county, nine miles below Lancaster, Ky. Mr. Editor, as we closed the meeting some body asked why did we call our church the Baptist church of Jesus Christ? Why did we not leave off the word Baptist, and call it the Church of Jesus Christ? Our answer is, that the word Baptist distinguishes our people from the anti-Baptist people of the world, who claim to be Christians and do not baptize. Webster says a Baptist is one who administers baptism. This appellation was appropriately given to John, the forerunner of Jesus Christ. And as our people (the Baptist Church of Jesus Christ) has a baptism that

all the Christian denominations of this country says, and holds to be good and valid baptism, and as the Baptist Church of Jesus Christ is the only church in this country that has a baptism that all other churches will say is good. They being judges, we are the Baptizing Church of Jesus Christ, or the Baptist Church of Jesus Christ. I do not know of any other church that has a baptism that all the other protestant churches holds in their practice, to be according to the scriptures, and will receive their members without rebaptizing them as they call it. And so all the religious world receives our members on their baptism, and say by that act that their baptism is all O. K. For these reasons with others we could give, our people are appropriately called the Baptizing or the Baptist Church of Jesus Christ. Now, Mr. Editor, this is a partial answer to this question, (to our mind) which I hope you will publish for us and oblige

Fraternally,
A. J. PIKE.

The Legislature, at its last session, passed a law whereby it is proposed to give up the secret ballot and return to the viva voce system of voting. Every citizen in this county well remembers how it was years ago, a regular knock down and drag out from the time the polls opened until they were closed. Under the present system we have never had any such experience, and for that reason if for no other, we say let well enough alone. Vote against this amendment by stamping X in the little square opposite the word "No" which you will find on the right hand side of your ballot, and when you have done this, you will have cast a vote for the best interest of your country, if not to aid the cause of some political aspirants.

COUNTY ATTORNEY BETHURM DISCUSSES THE FINANCIAL CONDITION OF THE COUNTY.

Since there has been some discussion through the columns of the Signal of the fiscal affairs of the county by persons utterly ignorant of the condition of the county, and unfriendly to me in this contest, I deem it a duty I owe to the citizens of the county, as well as fairness to myself and the other officers of the county, to submit in this article facts and figures fully showing the present financial condition of the county. The administration just immediately preceding the present one, during the last year thereof, allowed in claims the sum of \$7,422.10, or obligated the county to pay that amount of indebtedness and according to the precedent long since established by former officials of the county, this entire indebtedness had to be paid by the present administration, during the year of 1902, or, in other words, the claims allowed by the Fiscal Court in 1901 were due and payable in 1902, and so you will, therefore observe that the present administration went into office and shouldered an outstanding indebtedness of \$7,422.10, that was placed upon the county by the wanton extravagance of the former administration. The claims allowed by the Fiscal Court which went out of office at the end of 1901, allowing claims in excess of those allowed theretofore, and in excess of those allowed by the present Fiscal Court any year since, to the amount of something near \$2,000.00 in round numbers. In other words, they allowed in 1901, claims against the general fund and for current expenses \$7,422.10 and the very next year the present Fiscal Court presided over by Judge Lewis, and advised by myself allowed in claims against the general fund and to cover current expenses \$5,870.83, which is a net saving to the county of \$1,551.27 in one year, and this was saved to the county in the year of 1902 in spite of the fact that there was a small-pox epidemic that year which required the expenditure of more than \$500.00. In 1903 and 1904 in the allowance of claims, we saved the county practically the same amount as in 1902.

By cutting down the expenses of the county as above referred to and by the collection of back franchise tax the collection of which is being discussed, the present administration has wiped out every cent of the county's indebtedness, paid the current, running expenses of the county each year, reduced the rate of taxation 5 cents on the \$100.00 and the county is out of debt and has a surplus of \$239,796, and this is shown notwithstanding the fact that we have expended on public roads the following amounts: In 1902, \$1831.22; 1903, \$2115.22; in 1904, \$2175.75, and for the year 1905, although the sheriff's settlement is not yet filed, the amount expended on roads will be about the same as 1904. A great deal has been said by men who want office about the manner in which the now celebrated franchise back tax was collected off the Louisville & Nashville R. R. Co., and the amount paid by the county for the collection of this tax in the way of counsel fees. Certain parties of the county whose reputation for truth is very questionable have asserted that the fee received by Col. Henry L. Stone and myself was excessive, and that I rendered no service whatever in the collection of these taxes. I herewith submit a letter written by Col. Stone, in which he gives a complete review of the litigation which resulted in the collection of these back taxes, and it is a complete refutation of the false and slanderous stories circulated by my enemies. The letter in full is as follows:

LOUISVILLE, KY., Oct. 20, 1905.
Hon. L. W. Bethurm,
Mt. Vernon, Ky.,

Dear Sir:—My attention has been called to a communication recently published in a local newspaper at Mt. Vernon and signed "J. J. Cook," in which the writer criticizes the Fiscal Court of Rockcastle county for employing you and myself as attorneys for that county in the cases then pending in the Court of Appeals involving the validity of the railroad franchise taxes for several years. His criticism seems to be based on the fact that our employment was subsequent to the submission of the cases, and intimates that we rendered no legal

services in behalf of the county. This is not correct. The order of your fiscal court shows we were employed and retained to take such legal steps as we deemed necessary or proper in said cases, not only in the Court of Appeals, but in the Supreme Court of the United States should they be carried to that Court by the railroad companies, as was expected at the time, and we were to collect or cause to be collected the franchise tax coming to your county on a contingent fee. In other words, we were to receive no fee if nothing was collected, and the county was to be at no expense or cost. I was employed in like manner jointly with the county attorneys of a number of other counties. My brief was prepared, printed and filed after the submission of said cases in the Court of Appeals. The cases were not decided until June 10, 1902, more than two months subsequent to our employment. (Southern Railway in Kentucky, etc. vs. Coulter, etc., 113 Ky. 657.) A petition for rehearing was filed by some, if not all of the railroad companies, which received my attention, and was not overruled until during the following September term of court. With your valuable assistance, I looked after the apportionments and certificates in the Auditor's office at Frankfort of the amounts due your county for the years in controversy upon both divisions of the Louisville & Nashville Railroad Co., and had the proper amounts to be collected thereon ascertained. I held myself in readiness to attend to these cases in the Supreme Court of the United States, had the railroad companies taken them to that Court on a writ of error, and was somewhat surprised that they did not do so.

Our second employment by the Fiscal Court of your county was in the defense of the injunction suit of the Louisville & Nashville Railroad Co. in the Circuit Court of the United States for the Eastern District of Kentucky, at Frankfort, wherein the collection of the larger part of the franchise tax for 1902 due your county and others was enjoined. In pursuance to that employment, after consulting with you on several occasions, I took the leading part in defense of said case, but it was lost before Judge Cochran, who on final hearing granted a perpetual injunction enjoining the collection of said franchise. (Louisville & Nashville R. R. Co. vs. Coulter, etc., 131 Fed. 282.) An appeal was taken for defendants to the Supreme Court of the United States, wherein it was briefed and orally argued by myself and associate counsel, and a reversal of the judgment appealed from obtained, with a direction to the court below to dismiss the railroad bill. (Coulter, etc. vs. Louisville & Nashville R. R. Co., 196.) The success of the State and counties interested in this case was complete, after a long and arduous legal contest.

I had the benefit of your advice and counsel throughout this litigation. Our fees, contingent on success as they were, as stipulated in the orders of our fiscal court, were entirely reasonable for the services performed, as well as proper and necessary. The taxpayers of Rockcastle county have no cause for complaint in these matters either against their Fiscal Court or yourself, as their County Attorney. The county by reason of our legal services has realized a large amount in taxes, which it would in all probability otherwise have lost.

I have felt it my duty to state these facts, which you may give publicity to, if you desire, to repel the insinuations contained in Mr. Cook's communication above referred to.

Sincerely yours, etc.,
H. L. Stone.

The records of the county court show that there was collected by Col. Stone and myself franchise tax on which we each received 25 per cent on the following sum, after the payment of the sheriff's commission 4 per cent, \$4100.86 and there was a further sum collected, by us on which we each received 17 1/2 per cent for collection, after the payment of sheriff's commission of 4 per cent, \$1364.19, making a total of all collected of \$5465.05. This constitutes all the back franchise tax collected off the L. & N. R. R. Co. As a result of our success in this litigation, the county will each year hereafter receive in the way of franchise tax from the L. & N. R. R. Co. more than \$1000.00 and no part of this will go to attorneys, as the contract was only for the collection of back taxes.

Very respectfully,
L. W. Bethurm.

I have read the above article and fully concur in all the statements contained therein.
S. D. Lewis.

STARTLING DISCOVERY.

The Adams Express Co. Was Victim.

ized to the Amount of \$100,000.

Pittsburg, Oct. 11.—The startling discovery was made late Tuesday that the Adams Express Co. has been victimized to the extent of \$100,000 supposedly through the peculations of an employee.

The following official statement of the affair is given for publication: "At 4:15 Monday, Oct. 8, a bank of Pittsburg had delivered to the Adams Express Co. at their office at 610 Wood street, Pittsburg, a package of currency containing \$100,000. The package was consigned to a bank in Cincinnati.

This package was received and receipted for by Edward George Cunliffe, who was then acting in the place of the regular money clerk, who was ill.

Cunliffe left the office at the usual time Monday evening and Tuesday morning when he failed to report for duty a husband examination was made of his department and it was learned that about \$1,000 of funds entrusted to his care were missing. General Agent Hiner, of the Adams Express Co., immediately called in detectives and placed the matter in their hands. Later developments brought to light the fact that in addition to the \$1,000 missing, the bank package containing the \$100,000 had not been received at the money forwarding offices at union station, this city.

TERRIBLE TYPHOON.

Nearly 10,000 People Were Drowned on Two Chinese Islands.

Victoria, B. C., Oct. 9.—The steamer Tartar which arrived from the Orient brought the news from Shanghai that the loss of life at the island of the mouth of the Yangtze river as the result of the typhoon at the beginning of September was tremendous. The North China Daily News, of Shanghai, says:

"To the east of Tamagging two islands, one called Yawosha, the other Shihousha, distant about 20 miles from Woosung, have suffered much from the typhoon, nearly all the inhabitants having been swept away. The islands have only been inhabited for a short time, comparatively speaking, as they are of recent formation and are not much above high water mark. It is reported that nearly 10,000 people have been drowned on these two islands and the smaller islands adjacent. Tamagging, itself, has not suffered much, being well above the high water mark."

A NEW POINT OF INFECTION.

Two Cases of Yellow Fever Reported at New Iberia, La.

New Orleans, Oct. 11.—Report to 6 p. m. Tuesday: New cases, 18; total to date, 2,230; deaths, 4; total, 415; new febrile, under treatment, 181; discharged, 2,634.

For the first time this week a new point of infection was reported in the state. Two cases were reported from New Iberia, which up to now has apparently been free.

Pensacola, Fla., Oct. 11.—The fever summary Tuesday night shows a big increase in the number of new cases as follows: New cases, 22; total cases, 307; deaths, 3; total deaths, 45; under treatment, 149; discharged, 112. The large increase in the number of new cases was expected owing to the very inclement weather and the previous spread of the disease to all sections of the city.

FOR MUNICIPAL OWNERSHIP.

One of the Plans of Mayor Dunne Defeated by Council.

Chicago, Oct. 10.—Mayor Edward F. Dunne placed his "contract plan" for municipal ownership before the city council and it was defeated by a vote of 45 to 18. The plan provided for the organization of a corporation and the issuance of certificates under what is known as the Muller law. Out of the sale of these certificates the first 50 miles of street railway was to be constructed, paralleling existing lines. It is expected that the mayor will now abandon this plan and bring in its place his alternative or "city plank." This contemplates the requirement by purchase or condemnation of all the lines of the existing street car companies.

FOLEY'S KIDNEY CURE

Makes Kidneys and Bladder Right

WASHINGTON, Sept. 30.—The conviction and fining of four members of the firm of Schwarzschild Sulzberger last week, for accepting rebates, forms the chief topic of discussion here among the returning politicians. Praise for the President and the Department of Justice is coming in from all over the country. It appears to be the general opinion that the rebate evil is effectively scotched. A successful precedent has been established in rebate cases, and hereafter, it is alleged, the Government's path will be comparatively easy in obtaining similar convictions in future cases of the kind arise.

The general belief as to the result of the fining of the packers is optimistic. The current opinion holds that it will have an immediate and everlasting effect in curbing those large shippers who demand discrimination in their favor from the railroads. If the government is on the alert to enforce the law and the large shippers will be fined \$25,000 whenever they are discovered accepting rebate, the rebate will soon become as dead as the great auk. And rapacious shippers will be further impressed by the fact that there is every reason to believe that the government will not be satisfied by the payment of a fine for the second offense.

The belief grows that the decision of the United States District Court in Chicago will have a great effect in modifying the demands of those who are agitating for rate regulation. Conservative opinion in Washington regards the conviction of the packers as an effective demonstration of the contention that existing legislation is competent to deal with unjust rate discrimination and as supporting the view that there is plenty of law on the statute books, if the government will only see to its enforcement. Those who oppose additional railroad legislation before the Senate Committee on Interstate Commerce at its special session last spring are pointing to the fact they reiterated over and over again that existing laws, actively enforced, are adequate and are saying "I told you so."

The Better Way

The tissues of the throat are inflamed and irritated; you cough, and there is more irritation—more coughing. You take a cough mixture and it eases the irritation—for a while. You take

SCOTT'S EMULSION

and it cures the cold. That's what is necessary. It soothes the throat because it reduces the irritation; cures the cold because it drives out the inflammation; builds up the weakened tissues because it nourishes them back to their natural strength. That's how Scott's Emulsion deals with sore throat, a cough, a cold or bronchitis.

When for pure drugs you're on the hunt, Just step right in the yellow front; And if I do, the drugs, you sell, They'll surely make you sound and well.

And when your babies do get sick, Just bring them here, and do be quick; I'll give them drugs that are so pure, That in a short time, they'll be well sure.

There are other things I have in store, That were bought long since, the days of yore; Such as cigars, tobacco and envelopes, Stationery, paints and toilet soaps. And my kind friends, I wish to say, The yellow front is here to stay; And if from me, you buy your pills, You'll not be bothered with doctor's bills.

Assessment No. 8 of the Mt. Vernon Mutual Burial Association has been levied on the death of Joe Fredericks. If there is any one thing which we hope to see live and prosper it is the Burial Association, for during its short existence in every instance except two or three, where there has been a death it has proven a great blessing. A large majority of the members who have died since the organization of the association were in exceptionally meager circumstances, and without it, the cheapest burial possible would have been all that could have been hoped for, but as it is they were given a burial good enough for any lord or king.

A special from Somerset dated the 21st, says: The largest mortgage ever recorded in the County Clerk's office here was that between the Union Savings Bank and Trust Company, of Cincinnati, and the Cumberland River and Nashville Railroad Company for the amount of \$2,500,000. This amount will be used in building a new railroad from Corbin, Ky., to Jamestown, Tenn. The route taken will be: Starting from Corbin, down the Big Laurel river, through Whitley and Laurel counties to New Burnside; through Pulaski and Wayne counties to Monticello; thence through Clinton county to connect with the Tennessee Central at Jamestown. This will develop some of the richest coal and timber lands in Kentucky and will be one of the biggest tonnage and passenger routes in the South. The citizens of Somerset are working very hard to get the road to run through that city as that is on a direct route to Jamestown.

For some time past the authorities of Berea College have been endeavoring to locate a number of blind tigers in the village of Berea, through whose agency a demoralizing influence has been exerted on the students of that institution. Failing in every other means they finally resorted to a detective agency, and matriculated a Pinkerton man as a supposed student. The detective under this guise soon got on familiar terms with the wilder students and succeeded in locating the places at which they were supplied with intoxicants. This information obtained, the names of the law breakers were given the Federal authorities, and United States Marshal W. T. Short, of this place and his Deputy John C. Mullins, placed under arrest Harry Prather, R. B. Doe, John Walker, Fry Hanson, Ed Canfax and George Thacker, all charged with violating the internal revenue laws. All gave bond except Doe and Canfax, who were confined in the county jail. Hanson is manager of the Bell Telephone Co., of Berea, and a prominent citizen. Prather was formerly a deputy sheriff. Their trials will come off Wednesday.—Richmond Register.

E. B. Brown sold to S. H. Martin a mare for \$100.

To our delinquent, some of whom are two and three years in arrears, please call forward and pay up.

ADJOINING COUNTIES

Col. Roger D. Williams, of the Second Infantry, Kentucky State Guards, has been ordered to proceed at once to Middlesboro and muster into service the new military company organized there. This new detachment is formed at the instance of G. W. Albrecht, President of the Law and Order League who will be elected Captain. Since the murder of Jack Bolen by Frank Ball conditions have become such in the mountain city, he declares, that the officers of the law furnish no protection whatever to the citizens, and murderers come and go at will upon the streets of the city. The new company of militia will probably be assigned to break up this lawlessness.
